

Friday 18th September 2026 – Hobbits' Newsletter

Our School Mission is what God sent us into the world to do – to help build His kingdom through learning, playing and making friends together.

The tools we will use to do this are:

Loving, Caring, Sharing, Trusting, Respect.

Our theme for reflection this week was 'love'. We discussed how we show this in school, at home and to ourselves.

RE: This week, we learnt about the story of Creation from Genesis. We thought about the poetic language used.

Maths: The children have been focussing on finding 1, 10 or 100 more than less and exploring number lines to 1000.

English: In English, we have made a plan for an email to help Roz the robot defend herself from the bears.

DT: The children have designed a plan for the gosling's house that they will be creating and evaluating later on this term.

This week we celebrated Anton for his fantastic vocabulary in DT. We have also celebrated Logan for his hard work and determination in maths.

Teacher message:

Our class attendance this week: 97.1%

Please can you confirm consent for your child to attend their upcoming school trip ASAP.

We are looking for volunteers to attend our school trip on 10.11.26. Please can you let me know if you are able to help from 10:15am until 12:30pm.

Thank you for all of your support with spellings. I can see such a difference in their confidence already.

We will be making our DT projects in the coming weeks. Please can you start to save your recycling. Thank you.
