

Rounding to the Nearest 1,000

Round the following numbers to the **nearest 1,000**.

1,835 =	4,294 =	5,209 =	3,629 =
62,935 =	98,316 =	26,461 =	86,342 =

Rounding to the Nearest 10,000

Round the following numbers to the **nearest 10,000**.

19,253 =	83,526 =	91,725 =	25,016 =
38,098 =	81,018 =	86,223 =	88,701 =

In this section, you will have one number to round to the nearest 10, 100, 1,000 and 10,000.

For example:

18,263

Rounded to the nearest 10 = 18,260

Rounded to the nearest 100 = 18,300

Rounded to the nearest 1,000 = 18,000

Rounded to the nearest 10,000 = 20,000

Rounding a Number to 10, 100, 1,000 and 10,000

Round each of the following numbers to the nearest 10, 100, 1,000 and 10,000.

Number	Nearest 10	Nearest 100	Nearest 1,000	Nearest 10,000
37,295				
38,019				
14,438				

Number	Nearest 10	Nearest 100	Nearest 1,000	Nearest 10,000
44,772				
81,673				
88,625				
91,634				
33,671				
64,752
